

# AL-IMDAAD FOUNDATION INSIDE SYRIA

## Help us build the first South African Containerised Village inside Syria

In order to help the Syrian people who try to cling to life under very difficult circumstances, the Al-Imdaad Foundation is appealing to you to support the establishment of a fully functional containerised village inside Syria to care for widows, orphans and families who have lost everything. The village will cater for their every need. Families will be provided with mattresses, clothing, blankets, kitchen utensils, hygiene kits and freshly cooked food twice a day. This village will also have a Masjid, free schooling for children and segregated toilet facilities as well as permanent supply of water. Your Zakaat for displaced Syrian families is welcome. Lillah is required for the Masjid and school facilities of this village.

### Banking Details:
